Why don't we connect after you have a chance to write up the comments? We can always start with Columbia first. Snake is almost identical, and Grand Coulee is a little a little different but very similar. Your comments on the Columbia will apply to the others. Since you're out for the next two weeks, maybe we can connect the last week of October/beginning of November.

Also, I'm in regular calls with the Corps and they were interested in getting Ecology and ODEQ contacts, especially if there are questions they can answer. I'm going to send emails to everyone later today.

Hey Jenny – Sure, we can touch base again. I still haven't had time to write up anything on my initial Columbia river facility due to my workload. I'm talking to OR this afternoon, as an FYI. The next 2 weeks are really hit and miss for me due to being out of the office for training and a conference. Tuesday afternoon would be the best time for us to connect. I still haven't even cracked the Snake River and Grand Coulee drafts.

Ellie

Hi Ellie,

I thought it would be good to get something on our calendars to talk about your comments on the pre-draft 401 cert. I believe you were planning to draft some comments, and then we were going to set up a time to talk. Do you want to set up something for next Thursday if you'll have your comments done by then?

Thanks,
Jenny Wu
